**Kitchen Printer**

The Kitchen Printer is a high-speed, impact printer designed to streamline order management in busy restaurant kitchens. It ensures clear, reliable, and efficient ticket printing to improve workflow and reduce errors.

**Key Features**:

- **High-Speed Printing** – Quickly processes kitchen orders for efficiency.

- **Impact Printing Technology** – Ensures clear, smudge-free receipts.

- **Durable & Heat-Resistant** – Designed for high-temperature kitchen environments.

- **Ethernet & Wi-Fi Connectivity** – Supports flexible installation options.

- **Loud Buzzer Alerts** – Notifies staff of new orders instantly.

- **Multi-Order Processing** – Handles multiple tickets simultaneously.

- **Seamless Integration** – Syncs with the POS system.

- **Compact & Space-Saving Design** – Fits neatly in any kitchen setup.

- **Reliable Paper Feeding** – Reduces jams for uninterrupted service.

- **Water & Grease Resistant** – Built to withstand kitchen conditions.
